**SURFACE SOLUTIONS FOR THE QUICK
SERVE/FAST CASUAL ENVIRONMENT**

Good design is imperative in today's quick serve/fast casual climate. These spaces must be aesthetically pleasing, yet also engineered for operational efficiency.

Given the rise of social media, designers are placing a greater emphasis on creating spaces worthy of being photographed. Designs need to connect with today's consumers and meet their expectations for quality, innovation, and value. The surfaces must have a stylish look, be durable, easy to clean and resistant to bacterial growth.

Staying true to conceptual and service standards while adding trend-forward designs is a hallmark of Panolam. We are here to inspire you with the broadest range of surface options in the marketplace. Panolam's products are engineered to bring your vision to life by offering:

- Trend forward designs
- Long lasting style
- High-impact resistance
- Easy to clean
- Chemical resistance
- Class A fire rated for flame spread and smoke development
- Higher resistance to scuffing and marring
- Ease of installation and job-site workability

SURFACE SOLUTIONS FOR THE HEALTHCARE ENVIRONMENT

Value-minded Brand

Combining HPL and TFL in value-minded brands help create an attractive, more comfortable and upscale space. Open concept tables and seating define the space while a wall collage of different HPL patterns and textures create a unique branded look.

In virtually every area of today's food service market, Panolam has a surfacing solution to meet or exceed your requirements.

APPLICATIONS:

- Back of house
- Cabinets
- Case Goods
- Countertops
- Doors
- Elevators
- Furniture
- Hallways
- Marker board
- Restroom Partitions
- Retail Displays
- Tabletops
- Wainscoting
- Walls
- Wayfinding

1 HPL

High Pressure Laminate

Among our most versatile surfaces which is strong and durable, yet flexible and easy to fabricate. It makes a great choice for a range of interior horizontal and vertical applications where an attractive, yet resilient, surface solution is required.

2 FRL®

Fiber Reinforced Laminate

Uses fire rated, patented fiberglass technology to fortify wall panels against impact damage and excessive wear-and-tear offering exceptional cleanability. FRL® is the ideal wall panel for high-traffic environments that need to be aesthetically pleasing and easy to maintain.

3 Duet™ Wall Panels

Provides wall protection for commercial interior settings that require strong design elements and demand high sanitary standards. This hard-working, easy-to-clean surface solution can help satisfy most any design vision by using digital printing, high quality inks, scratch-resistant and UV coatings.

4 TFL

Thermally Fused Laminate

Coordinates with our HPL, offering over 400 trend forward designs while delivering unparalleled durability and savings you deserve.

5 Custom Digital HPL

Be creative and turn your vision into reality with Panolam's Custom Digital HPL and FRL® products. It is the perfect choice for creating custom durable surfaces, such as tabletops, wall panels, and graphics for a wide variety of uses, including artwork and wayfinding.

6 Hi-Wear HPL

Protects surfaces from dings, abrasions, and unsightly scuff marks caused by high levels of activity. Our Hi-Wear products are five times more resilient than standard grade laminate, providing a higher level of protection.

7 FRP

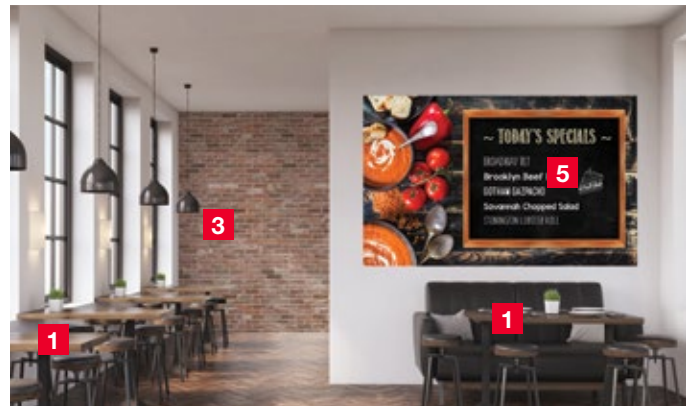

Fiberglass Reinforced Plastic

Strong, impact and stain resistant composite material that is an ideal surface for high-use commercial settings and service areas that depend on sanitary conditions.

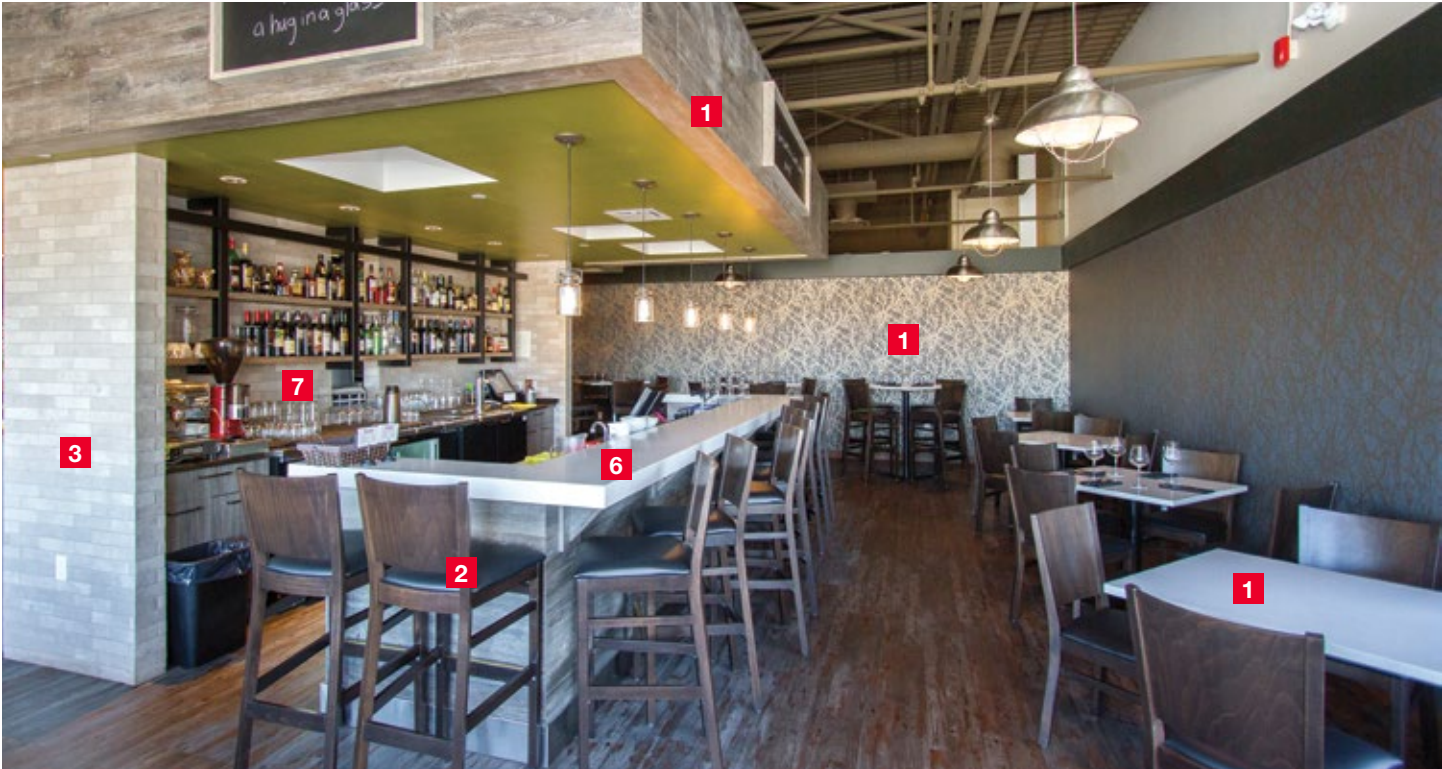

Quick Serve/Cafeteria

By combining HPL, TFL and FRL® laminate in a quick serve restaurant, one can create a welcoming ambiance and inviting space while assuring easy maintenance, functionality and long-lasting performance.

Fast Casual Restaurant

Create a sense of space, sporting dynamic graphics and strong design elements using custom digital HPL and Duet™ Wall Panels. All combined to feel completely natural to the brand and its messaging, this allows not only a unique look but offers high sanitary standards and high impact strength at a value you can afford.

Dining Area/Bar

Bridging the gap between traditional fast food and fine dining, fast casual offers the consumer a dining experience that is casual and inviting. Enhance your client's brand with Panolam's endless material options and over 500 color and pattern options and custom capabilities to allow for aesthetically pleasing, yet operationally efficient spaces.

Grab & Go

Quick serve and fast casual restaurants take an enormous amount of abuse and surfaces need to be extremely durable while maintaining a strong aesthetic appeal. Panolam's diverse set of products offer the designer the flexibility to be creative with multiple surface options, including high-wear laminates and wall protection systems that stand the test of time.

Bringing More to the Surface™
