ANTIMICROBIAL FINISH

# Reimagine Protection

Introducing **Aegis Secure** (AS). Panolam's newest specialized finish. Everything you love about the Suede (SD) finish, with added antimicrobial additives that serve to protect your surface from deterioration caused by a variety of microorganisms.

- Easy to Clean
- Wear Resistant
- Available in all HPL colors, patterns, and grades
- Currently available for sale in the U.S.

Contact your Panolam representative for pricing and availability or learn more at [panolam.com/antimicrobial](https://panolam.com/antimicrobial).

One Company. Three trusted laminate brands.

Panolam recommends regularly cleaning your Pionite®, Nevamar®, or Panolam® surfaces.
